C. F. BULMER,
Clerk of the Crown in Chancery.

And the House having met,

The Honourable the Lieutenant-Governor, having entered the House, took his seat on the Throne.

Mr. Goldie, the Provincial Secretary, then said,

I am commanded by the Honourable the Lieutenant-Governor to state that he does not see fit to declare the causes of the summoning of the present Legislature of this Province until a Speaker of this House shall have been chosen according to law; but to-day, at a subsequent hour, His Honour will declare the causes of the calling of this Legislature.

His Honour was then pleased to retire

And the Clerk having called for nominations for the office of Speaker, the Premier, Mr. Ferguson, addressing himself to the Clerk, proposed to the House for their Speaker, Thomas Ashmore Kidd, Esquire, Member for the Riding of Kingston, which motion was seconded by Mr. Henry (York East), and it was

Resolved, That Thomas Ashmore Kidd, Esquire, do take the Chair of this House as Speaker.

The Clerk having declared the Honourable Thomas Ashmore Kidd duly elected, he was conducted by the Premier and Mr. Henry to the Chair, where, standing on the upper step, he returned his humble acknowledgments to the House for the great honour they had been pleased to confer upon him by choosing him to be their Speaker.

And thereupon he sat down in the Chair, and the Mace was laid upon the Table.

The House then adjourned during pleasure.

3.15 O'CLOCK P.M.

The Honourable the Lieutenant-Governor then re-entered the House and took his seat on the Throne.

Mr. Speaker then addressed His Honour to the following effect:—

May it please Your Honour:

The Legislative Assembly have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose Servant I am, and who, through me, the better to enable them to discharge their duty to their King and country, hereby claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.

The Provincial Secretary then said:

Mr. Speaker,

I am commanded by the Honourable the Lieutenant-Governor, to declare to you that he freely confides in the duty and attachment of the Assembly to His Majesty's person and Government, and not doubting that the proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow, the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

The Honourable the Lieutenant-Governor was then pleased to open the Session with the following gracious Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is my privilege to-day to inaugurate with you the Eighteenth Legislature of this Province since Confederation. In so doing, I desire to express the pleasure it affords me to greet the Members of this new House of Assembly, and to extend cordial good wishes to all of you, both in your personal and representative capacities.

At the outset we unite in giving our earnest thanks to Almighty God for the many blessings we have enjoyed as a people during the past year; for the unfailing harvest of the fields; for the measure of prosperity of this Province, and for the peace and security of our country.

It is a matter of general rejoicing that His Majesty King George has sufficiently recovered his physical strength to be able to resume his public activities. The gracious utterances of Our Sovereign at the inauguration of the Naval Conference were an auspicious beginning to a momentous gathering, and many millions of his subjects the world over were inspired and delighted to hear his earnest voice distinctly brought to them by radio transmission.

We have been fortunate in being able to meet the ever increasing demands for electrical energy by securing new sources of power. The future requirements of the Province call for the utilization of the water powers of Ontario in the St. Lawrence River. My Ministers have recently been in conference with the Federal authorities with a view to facilitating this important undertaking.

More rapid progress was made last year in the extension of electrical services in the rural districts than during any previous year. Still greater advance can be achieved by a modification of the cost of such service. You will, therefore, be asked to authorize the Power Commission to readjust the service charges to rural consumers, and also to advance loans for farm installations and permanent equipment.

The marked public interest in the work of the Research Foundation is most encouraging and affords assurance of co-operation from many quarters. Good progress has been made in the extension of the laboratory accommodation, and the selection of the staff of experts. The special attention which agriculture is to receive from the Research Foundation will prove to be one of its most valuable features.

Reports received by the Department of Education continue to indicate that the general efficiency of both elementary and secondary schools is increasing, while the school attendance has reached the highest point yet recorded. You will be asked to give consideration to measures calculated to stimulate further certain phases of our educational effort.

Public appreciation of the work of the Health Department has been manifested again by the growing demand for public health instruction, the interest in child hygiene and in the school health service. Fortunately, the health department was well prepared to combat the recent outbreak of Infantile, Paralysis, and by promptly supplying the serum required, was able to save many valuable lives.

Some two hundred and thirty miles of permanent paving have been added to the Provincial Highway System, and much improvement effected on the subsidiary roads. Increased Government assistance will be provided for transportation facilities in the rural sections of the Province. The official designation of the provincial system as "The King's Highway," with appropriate road markers, will give a new significance to this historic phrase.

Much public attention has been attracted to the mining industry by the continuous increase of the annual production which last year reached about one hundred and ten millions of dollars in value. The extent and quality of the coal deposits are being thoroughly investigated by the Department of Mines.

Considerable progress was made last year by the Department of Northern Development in the extension of trunk roads throughout that portion of the Province which comes under its operations. A further appropriation will be proposed to carry on this highly necessary work.

Although the fire hazard was unusually severe it is a matter of satisfaction that the Fire Protection Service maintained in the northern portions of the Province proved equal to the demands upon it during the past season.

Recent discoveries of valuable mineral deposits in Northern Ontario warrant the further extension of the Provincial railway towards James Bay. It is hoped, during the coming season, to lay rails a sufficient distance to tap this new mineral area and to ensure the early completion of the route to tidal waters.

The operation of the Security Frauds Prevention Act proved of great value to Ontario during the financial crisis in the stock markets of the United States and Canada. It is reassuring to observe that the lead given by this Province in the enactment of this legislation is being followed elsewhere in the Dominion. Certain objectionable practices which have been observed will be dealt with by further legislation.

In accordance with announcement made in the House during its last Session, a Royal Commission was appointed during the recess for the purpose of investigating Hospitals, Charitable Institutions, Social Welfare, Children's Aid, and certain kindred matters, and making suggestions for the improvement and better co-ordination of these important services. It is confidently expected that the result of this enquiry will be of great public benefit.

The Royal Commission appointed a year ago to investigate automobile insurance rates will not be in a position to make a complete report, but will present an interim report during your present Session dealing with automobile liability security laws and compulsory automobile insurance.

In a few months the new Ontario Building in London, England, will be completed. The improved accommodation provided will place the representation of this Province at the capital of the Empire on a more dignified and adequate footing, and will enable our products to be displayed with more advantage in the principal market of the world.

Among the measures which will be submitted to you for your consideration are Bills: to provide for the payment of a bounty on iron ores mined and smelted in Ontario; to amend the Forest Fire Prevention Act; to amend the Judicature Act; to amend the Mining Act; to amend the School Laws; to amend the Highway Traffic Act; to amend the Highway Improvement Act; to amend the Executive Council Act; to amend the Legislative Assembly Act; to amend the Public Trustee Act; to amend the Power Commission Act; to amend the Ontario Election Act; to amend the Liquor Control Act; to amend the Security Frauds Prevention Act and to amend the Milk and Cream Act.

The healthy condition of our finances enabled my Government to realize a substantial surplus during the past year, notwithstanding the increased demands upon the public services and the operation of the debt retirement plan. The

provincial credit consequently has been noticeably enhanced, and the Government will be able to meet the cost of Old Age Pensions, and other fresh engagements, without the necessity of seeking new sources of revenue. At an early date, the Public Accounts and Estimates for the current and ensuing year will be submitted for your consideration.

In conclusion, I commend to your earnest consideration the various measures that will be brought to your attention, and I trust that under the blessing of Providence your deliberations will advance the moral and material welfare of our people.

His Honour was then pleased to retire.

Mr. Speaker then reported,

That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

Mr. Speaker informed the House that he had received notification of a vacancy which had occurred since the last Session in the Riding of North Lanark.

Almonte, Ontario,
June 20th, 1929.

HON. WILLIAM D. BLACK,
*Speaker of the Legislative Assembly,
of the Province of Ontario,*
Parliament Buildings, Toronto, Ontario.

DEAR SIR:

I hereby tender my resignation as member of the Legislative Assembly of the Province of Ontario for the Riding of North Lanark.

Yours truly,

T. A. THOMPSON.

Witnesses:

W. H. STAFFORD, Barrister, Almonte.

BEATRICE JAMES, Stenographer, Almonte, Ontario.

Mr. Speaker informed the House that the Clerk had received, through the Secretary of State at Ottawa, a despatch from the Secretary of State for Dominion Affairs, London, conveying a reply on behalf of His Majesty the King, to the

Resolution passed by the House at its last Session expressing thankfulness for His Majesty's recovery.

The despatch was then read by the Clerk at the Table as follows:—

Downing Street,
April 4th, 1929.

SIR:

I have the honour to acknowledge receipt of your despatch No. 66 of the 19th February, transmitting a Resolution of the Legislative Assembly of the Province of Ontario, expressing their thankfulness for His Majesty's recovery and containing prayers for his complete restoration to health and strength.

I have to inform you that the Resolution has been laid before His Majesty the King, who was deeply touched by its terms and has commanded that an expression of his sincere thanks may be conveyed to the Speaker and Members of the Legislative Assembly of Ontario for the sympathy extended to himself, Her Majesty the Queen and the other members of the Royal Family.

I should be glad if a suitable reply could be sent accordingly.

I have the honour to be,

Sir,

Your most obedient humble servant,

L. S. AMERY.

*The Secretary of State
for External Affairs,
CANADA*

Mr. Speaker informed the House that the Clerk had received since the close of the last Session of the House, through the Secretary of State at Ottawa, copy of a telegram from the Secretary of State for Dominion Affairs, London, communicating a message from His Majesty expressing his thankfulness for the solicitude and prayers of his subjects during his recent illness.

The message was then read by the Clerk at the Table as follows:—

London,
April 22nd, 1929.

State Code—Circular A. 15.

Circular A. 15. Following message is issued by His Majesty The King from Craigwell House, dated April 22nd:

In looking back on my long illness and recovery my heart is full of thankfulness of far deeper origin than any mere sense of relief.

I have been brought back from danger and weariness of the past months by the wonderful skill and devotion of my doctors, surgeons and nurses. And help has come from another source of strength: as month after month went by I learned of the widespread and loving solicitude with which The Queen and I were surrounded. I was able to picture to myself the crowds of friends waiting and watching at my gate and to think of still greater numbers of those who in every part of the Empire were remembering me with prayers and good wishes. The realization of this has been among the most vivid experiences of my life.

It was an encouragement beyond description to feel that my constant and earnest desire had been granted, the desire to gain the confidence and affection of my people. My thoughts have carried me even further than this. I cannot dwell upon the generous sympathy shown to me by unknown friends in many other countries without a new and moving hope. I long to believe it possible that experience such as mine may soon appear no longer exceptional, when the national anxiety of all the peoples of the world shall be felt as a common source of human sympathy and a common claim on human friendship.

I am not yet able to bear the strain of a public ceremony but I look forward on some appointed day to joining with my people at home and overseas in thanking the Almighty God not merely for my own recovery but for the new evidence of a growing kindly significance of the true nature of men and nations.

In the meantime I hope this message may reach all those even in the remotest corners of the world from whom I have received words of sympathy and goodwill.

(Signed) GEORGE R. I.

Mr. Mackay asked the following Question (No. 53):—

1. What was the total amount of arrears at the close of the last fiscal year due to the Province under The Corporations Tax Act.

The Provincial Treasurer replied as follows:—

1.— ARREARS OF CORPORATIONS TAX AS OF OCTOBER 31ST, 1929.

Race Tracks:

Belleville Driving & Athletic Club. Stamford Park Race Track, Niagara Falls, Ont.....	\$46,403 50
In liquidation and claim filed.	
Hamilton Jockey Club, Hamilton, Ont.....	14,270 00

Insurance Companies:

La Sauvegarde Life Assurance Co.....	\$19 90
(Paid on November 8th, 1929).	
Dominion Gresham Guarantee & Casualty Co. (1928 taxes)....	1,853 63
Company went into liquidation before taxes were due in 1928.	
Crown Trust Co., Liquidators, have acknowledged same as a preferred claim. Liquidators not as yet in a position to make any payment.	
United Mutual Fire Insurance Co.....	02
Standard Marine Insurance Co.....	817 36
It is a matter of dispute between the Department and the Insurance Company as to just what are premiums received in Ontario in reference to Marine business and the question has not yet been settled.	

Gas and Electric Companies:

Hamilton Cataract Power, Light & Traction Co., Ltd.....	3,161 45
This company claims an over-payment of this amount to the Secretary's Department in reference to filing fees. Their claim is being looked into, so this amount stands as a debit balance.	

Loan Companies:

Great West Permanent Loan Co.....	968 87
This company is in liquidation. National Trust Co., Ltd., Liquidators, have acknowledged the Government's claim for \$968.87. No claims have as yet been paid by the liquidators.	
Standard Reliance Assets, Ltd.....	1,439 55
This is merely a holding company which took over the assets of the Standard Reliance Mortgage Corporation in liquidation. This debit balance is part of the balance owing by the Standard Reliance Mortgage Co. when they went into liquidation. The same is being reduced by small payments from time to time.	
Toronto Mortgage Co.....	25 16
Dispute between the Department and the company as to the amount of money invested in office premises is awaiting adjustment.	

Railway Companies:

Algoma Central and Hudson Bay Railway Co.....	\$330,197 25
This is an accumulation since 1912. The railway is an early pioneer enterprise that has had a continuous struggle for its existence and has hardly been able to pay its bond interest, so that there is no way of enforcing immediate payment. The amount is being annually charged and it is expected with improved conditions from increased development of the country this will eventually be paid.	
Chatham & Wallaceburg & Lake Erie Railway Co.....	4,833 70
The Department could sue and get judgment against this company, but, as the same has been operated at a loss for some years there would seem to be no way of enforcing payment at present.	
Sudbury-Coppercliff Suburban Electric Railway Co.....	580 00
This amount has been paid since that date.	

Street Railway Companies:

Sarnia Street Railway Co.....	550 49
The Department is endeavouring to collect this amount, but, most street railways are running at a loss.	
Windsor-Essex & Lake Shore Rapid Railway Co.....	553 60
This amount has since been paid.	
Total.....	<u>\$405,674 48</u>

Mr. Baxter asked the following Question (No. 54):—

1. What amount of money due to the Province under The Corporation Tax Act was outstanding in relation to the race track tax at the close of the last fiscal year. 2. By what tracks were payments due and what was the amount in each case.

The Provincial Treasurer replied as follows:—

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"His Honour the Lieutenant-Governor doth thank His Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in His Majesty's name."

His Honour was then pleased to deliver the following speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

At the close of your legislative labours, I desire to express my appreciation of the public services you have rendered during the Session now being brought to a conclusion.

At this season, the outlook for Agriculture engages widespread attention. The spring is opening somewhat later than usual, but much work was done last fall and live stock have wintered favourably. The improvement in the methods of production and marketing continues to be the most valuable assistance that can be given to agriculture.

Your legislation respecting the operations of the Hydro-Electric Power Commission promises to open up enlarged spheres of usefulness for this great public undertaking. The measures you have adopted will help to extend the advantages of electrical services in the rural districts. Plans have been approved which will serve to make power more generally available for the mining industry. These changes, together with the increased normal demand for power, have made it necessary to secure additional sources for the production of electrical energy.

Amendments made to the school laws provide a progressive system of Primary School inspection, as well as increasing facilities for Secondary education. This legislation, combined with the generous aid you have given to all branches of education, will, it is confidently hoped, tend to stimulate the efforts of teachers and trustees in this most important public service.

Incidental to the rapidly growing highway traffic is the problem of ensuring that those who operate automobiles shall discharge any liability that they may incur through injury to person or property. This subject has been dealt with by the enactment of a financial responsibility law which will assist in the control and regulation of motor transportation. Increased financial help has been provided for rural roads. The proposal that the provincial roads be officially designated "The King's Highway" has met with general approval, and has been embodied in the law of the Province.

Much public attention has been directed to the methods employed in the sale of securities, not only in this Province, but elsewhere. This situation led to the recent conference between the Governments of a number of Provinces with the result that concurrent legislation was agreed upon. The principles approved at the Conference have been embodied in the law of this Province as well as several of the other Provinces concerned.

I observe with interest that the statutory life-time of the Legislative Assembly has been extended to five years by the legislation you have enacted. This important change, meeting as it does with general public approval, will make the law on this subject almost uniform throughout the Dominion.

The report of the Liquor Control Commission gives valuable information as to the operations of the Act. On the recommendation of the Commission, the sale of native wines has been brought within the scope of the permit system, and the law has been amended with the view to making it more effective in the interest of sobriety.

Additional safeguards have been provided for the workers engaged in mining operations, in conformity with the recommendations made by the investigating commission. It is to be hoped that this enlightened legislation will receive the co-operation of all concerned and will serve to ameliorate conditions which have been a menace in the past.

Recognizing the desirability of the development of the extensive iron ore deposits of this Province, you have substantially increased the bonus on iron ore provided some years ago. In offering this additional encouragement to an industry basic in its nature you have taken a step which is likely to have far-reaching consequences for the prosperity of this Province.

By setting aside a further sum of ten millions of dollars for the development of northern Ontario you have provided for the continuance of an undertaking of the utmost importance. Your faith in the future of the northland will afford opportunities for many prosperous communities both now and in the generations to come.

Satisfactory progress is being made with the extension of the provincial railway towards James' Bay. There is every assurance that the road will reach the newly discovered coal region early in the coming summer.

Many valuable suggestions are contained in the report of the special committee appointed to enquire into the game fish situation in Ontario. These suggestions will receive full consideration during the recess, and I trust will be productive of useful results.

Legislation has been enacted to improve the quality of dairy products; for the prevention of forest fires; and for the better prevention of vexatious legal proceedings.

I desire to thank you for the appropriations you have made for carrying on the public services of the Province, and to assure you that the expenditures will be governed with due regard to economy and efficiency.

In conclusion, I thank you for the enactment of much beneficial legislation, and I trust that, under the blessing and protection of Almighty God, your labours will advance the welfare and happiness of our people.

The Provincial Secretary then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is the will and pleasure of His Honour the Lieutenant-Governor, that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.
